MAYOR'S COLUMN:Our Ever-improving Town Center

A city's town center is sometimes described as a community's living room and it's often an indicator of the city's economic health and activity. Grove City proudly invites visitors to its "living room" and I regularly hear "what a vibrant, clean and welcoming" town center Grove City enjoys.

Grove City began an aggressive rebirth of the Town Center in the late 1980s and today the area is home to nearly 100 businesses and accommodates a vehicle count of more than 15,000 daily. During the rebirth, the Grove City Town Center and our entire community managed to retain the warm, small-town feel we enjoyed when we were little more than a village. This is a point of pride for us and it is an accomplishment most communities cannot claim.

We entered our next phase of Town Center growth when we broke ground on the community's new 46,000-square-foot library recently. The new library blends the historic character of the Town Center with contemporary library services featuring a terraced urban plaza, meeting rooms, a business center and a teen and children's programming area. Construction should be completed by late 2016.

A few blocks from the heart of the Town Center is the Grant Homestead, built in the 1840s by A.G. Grant, grandson of Grove City founders, Hugh and Catherine Grant. The City purchased the property last year and plans are underway to restore and develop the home and nearly two acres of grounds into a living history museum.

The west side of the Town Center may soon realize the most expansive changes as the City recently received a Beulah Park Preliminary Development Plan approved by City Council. If implemented, the project will create a mixed-use, 212-acre development comprised of single family homes, multi-family units, a 12-acre commerce center and a 60-acre park. The plans describe a completely walkable community connected by many streets and pathways to the Town Center.

The proposed development embraces many of the "planning for the next 35 years" concepts described in Mid-Ohio Regional Planning Commission's insight2050 (visit getinsight2050.org for details). Grove City participated in the study and the next phase, GroveCity2050, will address zoning and land-planning practices that will permit walkable, complete communities through various fiscal, public health and environmental development scenarios.

Our Town Center growth is a reflection of our entire community as we continue to enjoy and demonstrate strong financial and environmental stewardship. The City will hold its inaugural EcoFest at Henceroth Park, Saturday, Aug. 22. EcoFest 2015 will showcase earth-friendly practices in a fun, family event helping residents experience practical ways to live greener.

Grove City will soon enjoy even more opportunities for healthy activities while protecting our natural spaces when the new 620-acre Scioto Grove Metro Park opens featuring five miles of trails, kayaking, an archery range, nature education and backpacking.

A complete description of our community's growth was featured as a special insert in the July issue of ColumbusCEO, "Discover Grove City"; a reprint is included in this issue.

We continue to be blessed with expanded residential and business developments discovering how livable and admired our community has become.

Construction Projects

Town Center | Broadway & Columbus Street

The Town Center Phase I improvements began in mid-July to support the construction of the new Grove City branch of the Southwest Public Libraries. This project includes new waterlines, storm sewer, streetlights, curbs, sidewalks and miscellaneous utility improvements. Work will take place on Grant Avenue between Broadway and the railroad, as well as along Broadway between Grant and Cleveland avenues. The intersection of Broadway and Columbus Street is moving north, requiring reconstruction of Columbus Street east to First Avenue. Ultimately, Columbus Street will be improved and extended west of Broadway adjacent to the new library.

While impacts to the public will be minimized during development of the project, several street closures/detours are required. Grant Avenue between Broadway and the railroad will be closed to through traffic during working hours. Access will be maintained to residences and businesses located along this street. Lane shifts along Broadway are expected at intervals during the improvements, however aside from isolated, short-term instances, two-way traffic will be maintained along Broadway.

The most significant impact from the project will result from the closure of Columbus Street between Broadway and First Avenue to facilitate the street relocation. Posted detours for this closure will utilize Southwest Boulevard and Hoover Road to the north with Haughn Road and Kingston Avenue providing an alternate route to the south. The Columbus Street closure is expected mid-August and should be re-opened in November, weather permitting. Most improvements are expected to be complete by yearend with finishing elements executed by spring 2016.

Orders Road Corridor Improvement Project

Intersection improvements along Orders Road at Haughn Road and Southern Grove Drive/Discovery Drive (Fryer Park entrance) include a roundabout at the Orders/Haughn Road intersection, traffic signal installed at the Orders Road-Southern Grove Drive/Discovery, roadway widening from west of Southern Grove/Discovery Drive to east of Haughn Road, an additional trail project to connect Windsor and Fryer parks, bike path/trail connectivity from Haughn Road to Fryer Park and from Haughn Road to Old Haughn Road on the north side of Orders Road and storm-sewer and drainage improvements.

The extensive roadway and sewer work make it necessary to limit traffic to a single lane through most of the project. The single lane will be relocated as the work progresses, with traffic flowing westbound only. Access to Fryer Park/YMCA and all driveways are available at all times during construction. The anticipated completion for Phase I construction is early November.

Visit the City website at GroveCityOhio.gov to view detour maps and project information. Drivers are encouraged to use extra care when traveling through the construction zone. The City will work with the contractor(s) to maintain traffic.

2015 Leaf Collection Schedule

Grove City Divided into Eight Areas

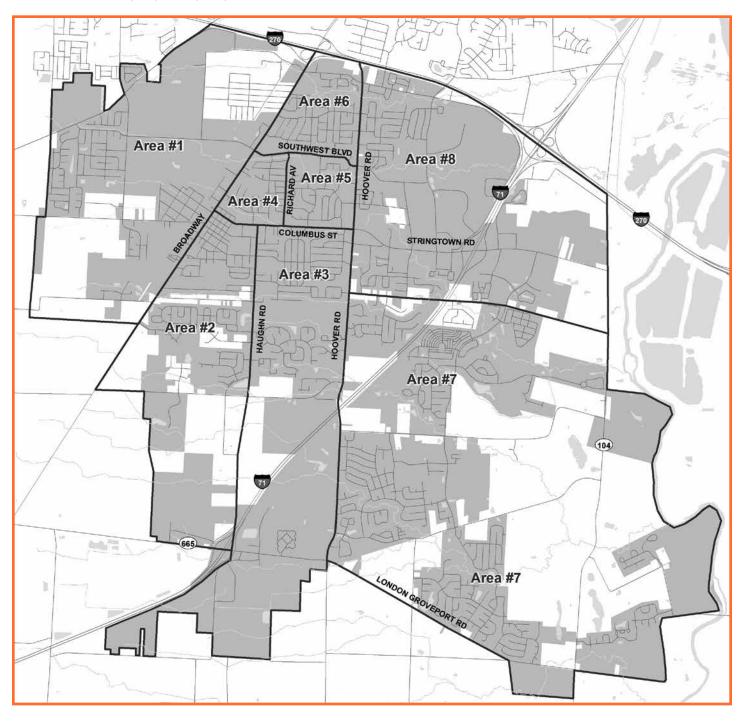

Tue., 10/13 - Fri., 12/4

Grove City Service Department: 614-277-1100 • GroveCityOhio.gov

The Grove City Service Department begins curb-side leaf collection Tue., 10/13. Collection continues through approximately Fri., 12/4. Homeowners are to rake their leaves to the curb, but not into the street, which can create storm sewer blockages and parking issues. Leaves should be at the curb prior to the first day of the designated week of pick up for the area; each area is assigned two collection periods. City workers rake leaves into the street just prior to pickup.

Grove City Community Watch Volunteers Support Police, Community

The Grove City Community Watch Volunteer program supports the City of Grove City and the Grove City Division of Police by contributing a new level of safety in Grove City through their efforts to reduce crime and automobile accidents, assist with critical incidents, and communicate issues of community concern.

Members of the program are civilian volunteers and graduates of the Grove City Division of Police Citizens Police Academy who receive specialized training and work with our police officers to highlight safety concerns. They foster increased community awareness through activities such as distributing theft prevention notices on vehicles and property and aiding police at special events.

Connect to Neighbors, Police Online with Nextdoor.com

A recent study indicates 93 percent of Americans believe it is important to look out for each other, yet 50 percent do not know a single neighbor by name. The private social network Nextdoor was created to narrow this gap by bringing a sense of fellowship to neighborhoods through a free private social network designed to foster conversations among neighbors to build stronger, safer communities.

Many Grove City neighborhoods already use Nextdoor, and the Grove City Division of Police has adopted the platform to connect with residents to improve safety and strengthen virtual neighborhood watch efforts.

On Nextdoor, neighbors create private websites to get to know one another, ask questions and exchange local advice and information. Police share important safety information and emergency notifications with residents on a neighborhood level through Nextdoor.

Nextdoor was designed to make neighbors feel comfortable sharing information with one another. All members must verify that they live within the neighborhood. Information shared on Nextdoor is password-protected and cannot be accessed by those outside the neighborhood, including the Grove City Division of Police. The site is securely encrypted using the HTTPS Internet protocol and the information shared will never show up in Google or other search engines.

Be Informed During an Emergency: ALERT Franklin County Brings Urgent Information to You All of Franklin County

Franklin County Emergency Management and Homeland Security (FCEM&HA) 614-794-0213 • www.AlertFranklinCounty.org or www.fcemhs.org

Franklin County Emergency Management and Homeland Security is rolling out a new emergency notification and warning system available to the public, ALERT Franklin County. This system sends a message via any combination of text message, email, cell phone, and business and home landlines. Text message is the fastest way to receive an alert, but fees may apply based on individual cell phone plans.

The system can be customized by users by device, location and type of alert. Some alerts are sent county-wide from the Franklin County EMA office including for severe weather, terrorism, major hazardous material incidents, widespread utility disruptions and significant civil disturbances.

Non-urgent messages such as utility outages and transportation issues may be sent from the local townships, cities or villages the user registers under. Non-emergency notifications are sent only for topics registrants have selected through the ALERT system.

The notification system is based on GIS location and the address(es) entered by the registrant - registered addresses must lie within Franklin County. Users who do not wish to use their home addresses or want to receive an alert that applies to a different municipality than their home may enter the address of the nearest public building to the desired location such as a post office, school or city hall.

Certain address-telephone combinations are already entered in the system: individuals and business with landlines who have their information available in the white and yellow pages will receive messages via that landline. These persons may use the registration system to adjust their accounts by adding delivery methods or addresses, or to alter notification types.

Individuals who previously registered for a city notification system need to register with ALERT Franklin County to ensure emergency notifications are sent to them and to control locations and notification delivery methods.

Notifications sent via text message come from either of the following numbers: 893-61 or 878.44. Email messages come from @everbridge.net. Users are encouraged to add this information to their cell phones and email accounts to ensure they know an emergency message is being issued and that it is not relegated to a spam folder.

Users are responsible for keeping their contact information up to date. Remember to log in and update your profile if you change addresses, get a new phone or wish to add or remove alert types.

Park Highlight: Henceroth Park

Henceroth Park, located in the Meadow Grove subdivision, is Grove City's "green" park. The 22-acre park boasts a number of features that makes it a unique and attractive destination in Grove City.

The park bears the name of the family who donated much of the property to the city, Dr. W. Dayton and Marjorie Henceroth. Dr. Henceroth was a prominent physician in the Grove City area for more than 50 years active in many community pursuits. He served in the Grove City Lions Club including as president and as a member of the South-Western City School Board. He founded the Twin Towers Swimming Pool and the Grove City Roller Rink. He was instrumental in bringing Little League® to Grove City in 1950, serving as president of the committee that organized the local league and as the first commissioner.

Henceroth Park has eco-friendly elements including solar lighting and playground equipment and benches made from recycled materials. Visitors can enjoy a wooded nature trail and a walk/run/bike path with exercise stations featuring equipment also made from recycled materials. Other noteworthy attributes are a butterfly garden and bluebird boxes.

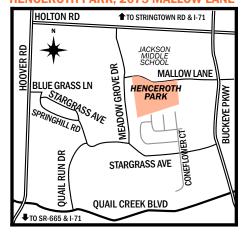

Over the past several years Henceroth Park has developed a more emotional role for the community. In addition to hosting Ohio Flags of Honor event for the past six years, the park includes an evolving military tribute area with a number of memorial trees and benches, a bronze battle cross and a flag pole dedicated to Grove City soldiers.

Future plans include more recreational trails, picnic shelters, sports fields and additional parking.

This summer Henceroth Park is hosting the Grove City EcoFest. Stop by (biking to this event is highly encouraged!) between 11 a.m. and 6:30 p.m. on Saturday, Aug. 22 to roam through a variety of fun zones covering different ecological themes to learn how you can lead a more sustainable life right here in Grove City. See page three for more details on this event or visit EcoFest.GroveCityOhio.gov.

Be sure to include a stop at Henceroth Park to experience one of our events, take the kids to a playground, get in some exercise or just enjoy some time in nature.

TAKE ADVANTAGE OF GROVE CITY'S MANY PARKS!

Did you know that Grove City has five parks larger than 20 acres located throughout the city?

These parks offer a variety of amenities including walking and biking trails and off-street parking lots, and include special features which make each one a unique experience.

Breck Community Park, located in northwest Grove City (3005 Demorest Road), has off-leash dog areas for large and small canines. Gantz Park with a north-central location (2255 Home Road) offers a preeminent herb garden and paths through mature woodland. Fryer Park to the southwest (3899 Orders Road) features the historical Century Village, a large fishing pond and softball diamonds.

Henceroth Park to the southeast (2075 Mallow Lane) is Grove City's environmentally focused park with a military memorial area, butterfly gardens and equipment made from recycled materials. Centrally located Windsor Park (4330 Dudley Ave.) has an extensive baseball field complex and is home to the Evans Center serving the older Grove City population.

Residency Rates & Fair Share Policy

The lower "resident rate" provides credit to those paying municipal taxes that help support the programs and events offered by the City of Grove City. To qualify as a resident, a person must live or work in Grove City or Jackson Township. This does not include all of ZIP code 43123; ZIP codes are used by the U.S. Postal Service to designate the office that delivers mail to an address. Visit FranklinCountyAuditor.com to check your address. Grove City parcel IDs start with 040; unincorporated Jackson Township with 160.

Through the City of Grove City Fair Share Policy, non-residents who pay income tax to the City of Grove City are eligible to participate at resident rates. To be eligible, non-residents must annually provide proof of employment on company letterhead with the signature of the personnel director or a current pay stub showing the employer's address.

Equal Opportunities and Special Populations

The Grove City Parks and Recreation Department is committed to serving the whole community. All persons regardless of age, sex, race, color, national origin or religion are encouraged to participate. Our goal is also to include individuals with special needs in our existing programs based on their need and ability. Groups or individuals serving special populations are welcome to contact the department to make program arrangements. Please contact the Parks and Recreation Department with patron concerns, questions or comments at 614-277-3050.
